8. Key Features in Spring Up Textbooks

Continuous Assessment Learning Activities (CALA) A minimum of three CALA guidelines are found in our Spring Up Textbooks and are represented by a Spring Out the Box mascot.

Digital Content in the form of short videos is available for selected topics and is represented by a QR code.

ICT related activities and exercises to develop computer proficiency are provided in every unit and are represented by a computer icon.

9. Digital Content in Spring Up Textbooks:

Spring Up has developed videos to bring better understanding of concepts learnt in class through demonstration of real-life applicability of the concepts. This is known as Augmented Reality. The videos in the textbooks are developed in line with the New Competence based Curriculum and are approved by the MoPSE and are accessed by using a mobile application called Nytra Zim. Nytra Zim is available on Google Play or App Store.

11. Testimonials

"I love the way local examples and high definition pictures are used in the Spring Up books, It becomes so relatable for our children. I also appreciate the amount of practice questions in Maths and Science 2."

Ms DeBruijn, Head of Infants Department, St John's Preparatory School

"The Spring Up Agriculture textbooks are very simple to follow and can be read by learners as novels. The boys really enjoy the videos and the mobile app, Nytra Zim."

W. Ndimutseyi, Teacher, St John's Preparatory School

"I came across Spring Up textbooks during my Teaching Practice and they soon became my go to books for lesson planning. They are very simplified, abstract concepts are made clearer and they are child friendly across all learning areas. I would highly recommend them to any teacher who wants simplified content and an engaged class."

Mrs Simbi, Teacher, Victoria Primary school

"Spring Up textbooks are simplified and easy to understand as they are developed from simple to complex. The cross-cutting themes, including use of technology within them, make the books different. We bought the Heritage Studies textbooks and we are very happy with our purchase. They are real value for money."

Mrs Ndebele, Teacher, Makover North School, Chibi

"Spring Up books are simplified and straight to the point. They are not longwinded, allowing a child to cope with learning as they prepare for their exams."

Mrs Omashar, Teacher, Bishopslea Preparatory School

"Spring Up textbooks are user friendly for the learners as well as the teachers and the content is brilliantly laid out. Topics are well articulated in the textbooks."

Memory Kagande, Librarian, St Michael's Preparatory School

"If you want simplified and engaging ICT books, the Spring Up textbooks are the way to go. They are straight-forward and easy to follow. Any teacher and learner will find the subject of ICT to be a fun subject with Spring Up books."

Mr Mapindu, Deputy Head, Queensdale

"We attribute a portion of our success in the 2022 Grade 7 national examinations to the Spring Up textbooks. The books have a rich combination of revision exercises, end of term tests, CALA guidelines and short videos to compliment learning during exam preparations."

Mr Nyamushamba, Headmaster, BESA Primary School

"We were greatly impressed by the way the Spring Up textbooks do justice to the New Curriculum across all subjects. Being a school that also tackles the Cambridge curriculum, we found that the books were quite helpful as well. The major strengths of the books are the depth in content and the revision matter to consolidate at the end of each topic."

Mr S. P. Mujere, Headmaster, Riverside School

"Spring up text books have very good digital content in selected key topics. The learner activities are well structured. The books are very good."

Mr Chimbwanda, Headmaster, Zimphos Primary School

"Spring Hub Publishing supplies us with Primary School textbooks. Their books are of high quality and their delivery is always on time."

Mr Julius, Headmaster, Shabanie Mine Primary School
